Canadian Sport Institute Pacific and Canoe Kayak BC Athlete and Coach Nomination Criteria

PURPOSE

Canadian Sport Institute Pacific, through a partnership with the Province of British Columbia (BC), viaSport, the network of PacificSport centers, and Canoe Kayak BC (CKBC), collaborates to deliver programs and services to place BC athletes¹ onto National Teams, and ensure athletes and coaches have every advantage to win medals for Canada. The partners work jointly to encourage sport excellence and increase podium performances in communities throughout BC.

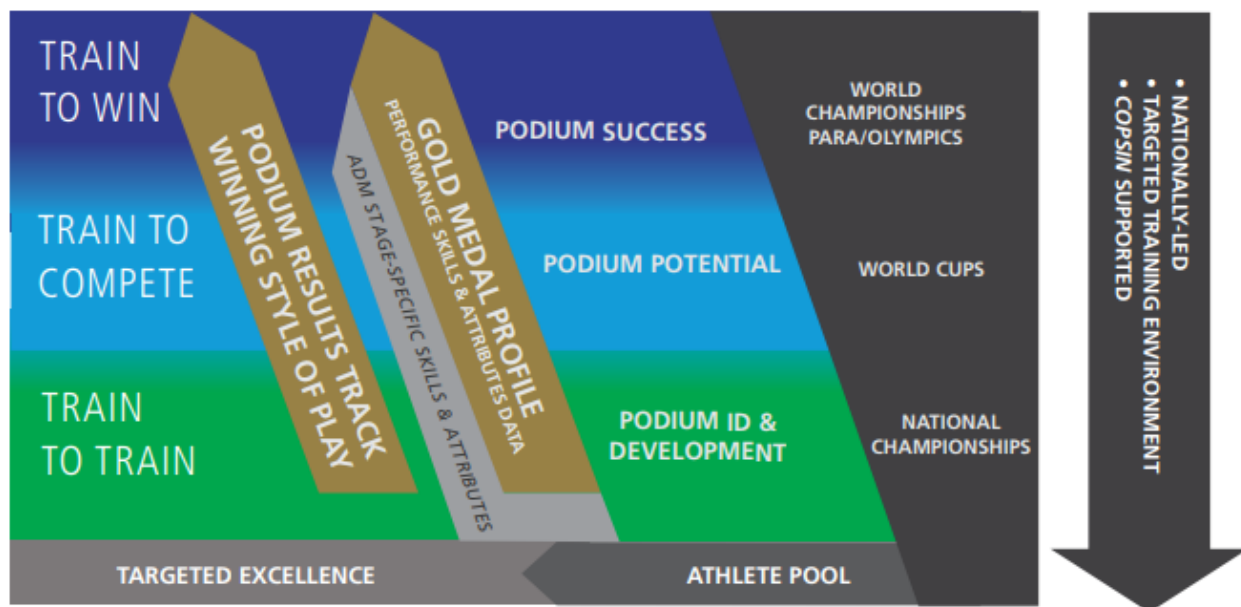

This template provides a standardized process to identify athletes and coaches within the CKBC high performance program as well as athletes who are tracking against key development pathway metrics toward national teams. The levels within the targeting seek to create a common standard across all sports; hence, the template must be used in its entirety. PSO/DSOs are able to adapt the template to suit their own purposes (e.g. branding, application process, etc.) provided all relevant information is contained within.

Canadian Sport Institute / PacificSport athlete and coach support for the Podium and Canadian Elite nomination focuses on athletes and teams 0-4 years from the international podium, identified by the sport-specific Podium Pathway (see Figure 1 below) and Gold Medal Profile. These athletes and teams represent the current generation of National Team athletes who are carded by the NSO through Sport Canada's Athlete Assistance Program.

Canadian Sport Institute / PacificSport athlete and coach support for the Canadian Development and Provincial Development nomination focuses on athletes and teams 5-12 years from the international podium, identified by the sport-specific Podium Pathway (see Figure 1 below) and Gold Medal Profile. These athletes and teams represent both the next generation (5-8 years away) and future generations (9-12 years away) of Olympic and Paralympic (or World Championship) medallists. Support may be focussed more toward the future generation (9-12 years away) for some targeted Paralympic sports depending on the quality of the next generation (5-8 years away) of athletes and teams.

¹ In general, a BC athlete is defined as an athlete born, developed, and/or trained/centralized (for a minimum of three months) in British Columbia.

DETAILS

Through the above partnership, and with the above purpose in mind, CKBC may nominate athletes and their coaches who meet specific criteria for Canadian Sport Institute Pacific / PacificSport athlete or coach enrollment. Upon enrolling, athletes and coaches can engage in enhanced programs, benefits, and selected support services through Canadian Sport Institute Pacific and the network of PacificSport regional centers in BC.

Canadian Sport Institute and PacificSport athlete support is divided into four levels based on performance, each with a slate of designated benefits. Please click on the following for an outline of Canadian Sport Institute athlete and coach benefits, programs, and services: <http://www.csipacific.ca/athletes/eligibility/>. CKBC levels are divided into five levels. This ensures that athlete support is commensurate with their level of performance. Details of athlete support can be found in Appendix 6.

Targeted athletes are nominated by CKBC based on the athlete criteria below. Any enquiries regarding the sport-specific selection criteria can be made to Stan Marek (techdirector@canoekayakbc.ca). As a general principle, all athletes are expected to demonstrate evidence of their ongoing performance progression and tracking toward CKBC high performance program benchmarks to remain targeted. CKBC and the Canadian Sport Institute technical lead working with CKBC have the final authority over the Canadian Sport Institute nomination process.

The athlete and coach nomination cycle for Canadian Sport Institute / PacificSport / CKBC targeting runs **October 1st to September 30th** annually, and athletes are selected based on performances from the previous 12 months. Athletes who meet criteria throughout the annual nomination cycle may be added to the CKBC targeted athlete list, on a case by case basis, by contacting the PSO/DSO Technical Representative.

ATHLETE/COACH REGISTRATION

Once the athlete or coach is nominated, he or she will be notified by CKBC and will be provided with information on how to enroll. All athletes and coaches must enroll with Canadian Sport Institute / PacificSport Center in order to receive athlete or coach supports and benefits
